Description

We are seeking a Junior Design Associate to immediately enhance the production capacity of our growing firm. The Junior Designer will work on a contractual basis to develop drawings elemental to the planning, design and development of residential projects. (Opportunity for part-time or full-time employment may be presented.) Working with the direction of the Principal and Senior Associate, the Junior Design Associate will contribute primarily to all phases of our process. We work in a fluid environment with a casual atmosphere at a fast pace. The successful candidate will be based in Ottawa-Gatineau.

Responsibilities

The Junior Designer will be responsible for the production of complete construction drawings including architectural plans, elevations, sections, detail drawings, three dimensional views, notes and schedules.

Requisites

Our new team member must possess:

- a high level of proficiency with ArchiCAD
- an acute attention to detail
- a broad perspective commensurate with diverse life experiences
- a demonstrable commitment to a greener way of living

Compensation

This is a contract position. Compensation will be commensurate with qualifications and experience.

Application Process

Please submit:

- a statement that addresses each of the requisites listed above (Please do not submit a cover letter or a resume)
- one example of construction drawings that illustrate your capacity to fulfil the responsibilities listed above

This position will remain open until a suitable candidate has been engaged.

Vert Design is a planning and design firm that turns spaces into living places.

Our multi-disciplinary team creates buildings, landscapes and communities of a human scale.

We strive to influence our shared environment toward a sustainable future.

Our work is driven by a commitment to making tomorrow better without compromising our quality of life today.

Through leadership and education we help people make choices that minimize the negative impacts of development.
